

# CROATIA - ICELAND

Monday 9.9.2024

## A TOUR OF ZAGREB CITY CENTRE

- we went on a guided tour around the city centre and visited many significant monuments, historical sites and we learnt about some of the most important Croatian historical figures

## VLADIMIR PRELOG SCIENCE SCHOOL

- tour of the school, labs, gym, classrooms...
- Croatian language and Glagolitic script workshop

# CROATIA - ICELAND

Wednesday 11.9.2024

## MEDVEDNICA NATURE PARK

- we visited Medvednica Nature Park
- the cable car took us to the top, to the communication tower
- we hiked downhill and had lunch at Runolist

# CROATIA - ICELAND

Tuesday 10.9.2024

## MAKSIMIR AND THE ZOO

- tour of the zoo, walk around Maksimir park

## MONETERRA

- we visited the new money museum where we learnt about economics, banking and currencies

## GOOSECHASE

- we split in teams and walked around the city centre
- our goal was finding three planets and the Sun from the art installation called "Grounded solar system"

# CROATIA - ICELAND

Thursday 12.9.2024

## PLITVICE LAKES NATIONAL PARK

- our tour included a combination of walks and electric-boat rides, while the return to the starting point was mostly by panoramic vehicle

- we discovered the wonders of this national treasure and enjoyed the beauty of the crystal clear lakes and countless waterfalls

# CROATIA - ICELAND

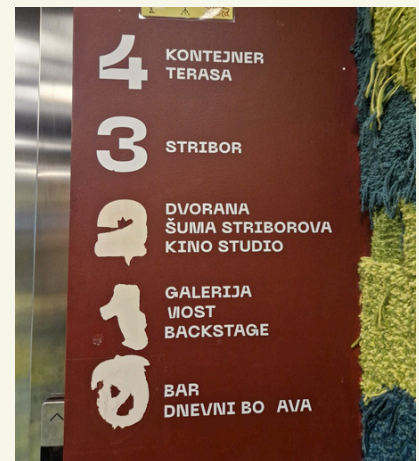

Friday 13.9.2024

## RIJEKA

- we took a stroll through Rijeka, European Capital of Culture (2020), where we visited the city library and the Children's House, a unique cultural centre for children and parents

- we explored the Trsat Castle, one of the oldest fortifications on the Croatian coast which preserves the features of the early medieval town construction
- we ended our tour with the beautiful Sablićevo beach in Rijeka
